New! Troemner Desk Reference is a Valuable Reference Tool!

Troemner is proud to introduce its New Desk Reference, a comprehensive guide to precision weights and calibration services. This **Free** Desk Reference is the only guide of its kind in the industry. This valuable reference tool will increase your understanding of weights and calibration. The Troemner Desk Reference evolved over two years of careful development and Troemner is very proud of its content, look and value to our customers.

The Troemner Desk Reference contains over 100 pages packed with specifications, tolerance charts, descriptions, terminologies, definitions, frequently asked questions and order forms that make your selection and order process as easy as possible. Troemner's Mass Standards Handbook, which is known throughout the industry for its valuable content, is also included in the Desk Reference. In addition to the detailed information on Troemner's state of the art weight offerings, the desk reference contains a comprehensive section on our extensive range of Calibration Services including: Mass, Pipette, Temperature, Humidity, Thermal Mass Flow, Pressure and Electrical, Time and Frequency. Get your **FREE** copy now at http://www.troemner.com/literature_lib.php or call us at 1.800.352.7718. We are sure you will rely on this valuable reference tool for years to come.
