

## Hummingbird Press Release

*Precision & Balance  
Matched Only  
By Nature.*

## Troemner New Corporate Logo Takes Wing!

Troemner has updated the look of its corporate logo. We have added the hummingbird, which symbolizes many positive attributes that directly relate to Troemner as a company, the products we produce and the message we want to convey to our customers.

The hummingbird is known to represent precision, intelligence, creation, and swiftness of thought. These attributes are evident in Troemner's Weight and Calibration Services business, as well as in Troemner's line of laboratory equipment which is sold into high technology industries. Highly skilled metrologists, innovative engineering, and state of the art facilities outline Troemner's continued commitment to its customers.

For additional information regarding Troemner products and calibration/certification services, visit our website at [www.troemner.com](http://www.troemner.com), or contact us at 1.800.352.7718.
