

Hummingbird Press Release

## **Introducing Troemner's Zero Tolerance Policy – If your weight is out of tolerance Troemner will replace it FREE\*!**

Troemner, the world's leading manufacturer of precision weights and provider of calibration services, has announced a new feature for their world renowned Weight Recalibration Service, the **Zero Tolerance Policy** - **If your weight is out of tolerance Troemner will replace it FREE\*!**

Send your precision weights to Troemner for recalibration service and if a calibration weight is found to be out of tolerance, the weight will be replaced for free\*. With this innovative program, Troemner's customers will not have to guess their final cost of weight recalibration service, or if there will be any additional costs for replacing out of tolerance weights. This program has streamlined Troemner's recalibration service process so our customers will get their weights back faster. Best of all, Troemner will continue to provide our customers with the highest quality weight calibration with the lowest measurement uncertainties in the world.

To participate in this program, contact Troemner for a price quote for your precision weights. Fill out your order form completely and include this order form with your precision weights. Ship your weights and order form to Troemner. Troemner will take care of the rest. For complete details on this program visit [www.troemner.com/recal.php](http://www.troemner.com/recal.php) or call Troemner's Inside Sales Department at 1.800.352.7775.

Troemner continues to be the premier company in the metrology industry and now has the following calibration services available to our customers; Temperature, Pressure, Humidity, Pipette, Dimensional, Mass Flow, Weight, Electrical, Time and Frequency. Visit us at [www.troemner.com](http://www.troemner.com) or call 1.800.352.7775 to place an order for any of these calibration services.

\*Troemner's Weight Recalibration Service Policy does not apply to ANSI/ASTM Class 0 weights and OIML Class E1 or E2 weights. Troemner reserves the right to make the final decision on signs of excessive wear or damage that would exclude weights from this free replacement program. Contact Troemner with any questions on these restrictions.
