

Trade-In Your Weight(s) and Save up to 40%

Troemner is now offering an exciting trade-in promotion that can save customers up to 40% on a new weight set. Coupled with the company's Lifetime Guarantee, Troemner is giving their customers even more assurances that the weights being used in their laboratory are the finest available to meet all their needs.

Trade-in a 100 g – 1 mg weight set(s) of **any** class or manufacturer and receive **40% off** a new Troemner Alloy 8 Stainless Steel UltraClass or Class 1, 200 g – 1 mg two piece weight set(s) with **two** 200 g weights.

Include a Traceable, NVLAP or UKAS Weight Calibration Certificate that meets the requirements of ISO/IEC 17025 with the new Alloy 8 Stainless Steel UltraClass or Class 1, 200 g – 1 mg two piece weight set(s) with **two** 200 g weights and receive **40% off** the certificate when ordered with this trade-in offer.

Trade-in any other weight set(s) or individual weight(s) of any class, denomination or manufacturer and receive a **30% discount** off the equivalent replacement weight or weight set. Include a Traceable, NVLAP or UKAS Weight Calibration Certificate that meets the requirements of ISO/IEC 17025 with the new Alloy 8 Stainless Steel, UltraClass or Class 1 weight set(s) or individual weight(s) and receive **30% off** the certificate when ordered with this trade-in offer.

Troemner's Lifetime Guarantee assures customers that if any Troemner Alloy 8 Stainless Steel weight is discovered to contain magnetic properties, it will be replaced with an equivalent, NEW Alloy 8 Stainless Steel weight at no charge. Troemner's unique Alloy 8 Stainless Steel weights possess low magnetic susceptibility properties, uniform density and a high resistance to corrosion.
